

分析機器部門講習会シリーズ

Training session on frozen section making in Chinese 凍結切片製作中国語講習会 (Instructions for use of Cryostat CM3050SIV)

In order for Chinese students to better master the use of cryostat and better adapt to the experimental environment of public machinery department, a Chinese language training session is specially opened. The session is held once half year. Students who cannot attend at the designated time can contact us directly at the email address below for an individual lecture.

为了中国留学生能更好的掌握冰冻切片机的使用以及更好的适应公共机器部门的实验环境，特别开设了中文讲习会。讲习会半年举办一次。在规定时间内参加有困难的学生可以通过下面的Email和我们直接联系，可进行个别讲习。
