

Special Asian Report : (Oral sessions: 20min including Q&A)

11:20 – 12:00 Chair: *Shunya Ucnida (Teikyo University)*

*Yuusuke Tsukamoto (Itabashi Chuo Medical Center)*

Presentation 6 “Baseline characteristics in KNOW-CKD cohort and follow-up plan over next 5 years”  
(Tae-Hyun Yoo: Severance Hospital, Seoul, Korea)

Presentation 7 “Current situation of Renal Replacement Therapy in Myanmar, a developing country”  
(Khin Maung Maung Than: Defence Services Medical Academy, Yangon, Myanmar)

12:00 – 12:55 \*\*\*\*\* Lunch Time (& group photo shooting) \*\*\*\*\*

General Session II (Poster sessions: 12min including Q&A)

12:55 – 13:43

< Session II-A > Chair: *Kentaro Kohagura (University of the Ryukyus)*

*Naotake Tsuboi (Nagoya University)*

Poster (1) “Expression of Cathepsin L and its Intrinsic Inhibitors in Glomeruli of Rats with Puromycin Aminonucleoside (PAN) Nephrosis”  
(Ayano Kubo: Juntendo University)

Poster (2) “An association of renal arteriopathy with combination of hypertriglyceridemia and increased serum complement component 3 in chronic kidney disease”  
(Chisato Fukuhara: University of the Ryukyus)

Poster (3) “Seasonal proteinuria changes in IgA nephropathy patients after proteinuria remission”  
(Koji Inagaki: Nagoya University)

Poster (4) “Analysis of factors regarding life prognosis at the time of dialysis initiation among late-stage elderly patients starting hemodialysis”  
(Atsushi Ono: Saitama Medical University)

< Session II-B > Chair: *Takashi Wada (Kanazawa University)*

*Yoshio Terada (Kochi University)*

Poster (1) “Mesangial cell-derived humoral factors may inhibit normal cellular response against ER stress and induce apoptosis in podocytes”  
(Daisuke Fujimoto: Kumamoto University)

Poster (2) “Evaluation of the glomerular hemodynamics alterations by SGLT2 inhibitor Empagliflozin in diabetic mice using in vivo imaging”  
(Kengo Kidokoro: Kawasaki Medical School)

Poster (3) “Clinical impact of anti-erythropoietin receptor antibodies in patients with anti-neutrophil cytoplasmic antibody-associated vasculitis”  
(Tran Thi Thu Trang: Kanazawa University)

Poster (4) “Epidemiological study on the AKI-CKD communication: a single-center retrospective database analysis”  
(Taro Horino: Kochi University)

13:43 – 14:00 \*\*\*\*\* Coffee Break \*\*\*\*\*

Asian CKD Symposium 1 : (20min including Q&A)

14:00 – 15:00      *Chair: Kunitoshi Iseki (Tomishiro Central Hospital)*  
                                 *Yukio Yuzawa (Fujita Health University)*  
                                 *Commentator: Tae-Hyun Yoo (Severance Hospital, Korea)*

Presentation (1) “Renal outcome: surrogate endpoint”  
(Masaomi Nangaku: The University of Tokyo)

Presentation (2) “Indoxyl sulfate, AST-120, and the kidney”  
(Ran-hui Cha: National Medical Center, Seoul, Korea)

Presentation (3) “The Prevalence, Progression Risk Factor of CKD in CHINA”  
(Sui Zhun: People's Hospital of Peking University)

Asian CKD Symposium 2 : (15-20min including Q&A)

15:00 – 16:10      *Chair: Hirofumi Makino (Okayama University)*  
                                 *Hitoshi Yokoyama (Kanazawa Medical University)*

Presentation (1) “Japan Renal Biopsy Registry (J-RBR): Present and Next 10 years ”  
(Hitoshi Sugiyama: Okayama University)

Presentation (2) “Japan kidney disease registry / Japan renal biopsy registry (J-KDR / J-RBR)  
- Past and future - ”  
(Shoichi Maruyama: Nagoya University)

Presentation (3) “Distribution of glomerular diseases in Taiwan:  
preliminary report of National Renal Biopsy Registry”  
(Chi-Chih Hung: Kaohsiung Medical University Hospital, Taiwan)

Presentation (4) “Renal Biopsy Registry : Malaysian Experience”  
(Rosnawati Yahya: Kuala Lumpur Hospital)

16:10 – 16:25      \*\*\*\*\* Coffee Break \*\*\*\*\*

Special Invited Lecture1 : (30min including Q&A)

16:25 – 16:55      *Chair: Naoki Kashihara (Kawasaki Medical School)*  
                                 “Proteomics of kidney biopsy tissues for understanding of pathophysiology ”  
                                 (Tadashi Yamamoto, Niigata University)

Special Invited Lecture2 : (30min including Q&A)

16:55 – 17:25      *Chair: Shoichi Maruyama (Nagoya University)*  
                                 “What is the optimal blood pressure level in CKD?”  
                                 (Csaba Pal Kovcsdy, University of Tennessee Health Science Center, USA)

17:25 – 17:30      Closing Remarks  
                                 Seiichi Matsuo (Nagoya University)

17:30 – 17:35      Acknowledgement  
                                 Shunichi Saito (Sumitomo Dainippon Pharma)

17:35—

Reception (standing buffet)

M.C.: Yoshinari Yasuda (Nagoya University)

## CASTLE PLAZA

### <Meeting Venue Information>

Hotel Castle Plaza

Add : 4-3-25 Meieki Nakamura-ku, Nagoya
