

分析機器部門講習会シリーズ

Chinese-language Training Workshop on Frozen Section Making 凍結切片製作中国語講習会 (Instructions for the use of Cryostat CM3050SIV)

In order to help Chinese students better master the operation of cryostat and adapt more effectively to experimental environment within the Public Facilities Department, a special Chinese language training workshop has been established. These workshops are held twice a year. Students who have difficulty in attending the workshop can contact us directly through the following email address for an individual lecture.

为了让中国留学生能更好的掌握冰冻切片机的使用方法以及更好的适应公共机器部门的实验环境,特别开设了中国语讲习会。讲习会半年举办一次。在指定时间参加有困难的学生可以通过下面的Email和我们直接联系,届时进行个别讲习。
