For further information, see our website

Make sure works well your student ID card

<http://www.htc.nagoya-u.ac.jp/hokenkanri/>

\* The person with the clerkship of Nagoya university, please undergo a staff medical examination. When I undergo a medical examination with other medical institutions, Please submit the result of the medical examination to a Health Administration office. Students from the School of Medicine may also turn in forms to the student affairs section. Results of medical examinations taken at other medical institutions are valid only when they are taken in between January and December of this year. However, the university is unable to issue a medical examination certificate or a medical certificate. We consider that I underwent periodical medical examination this year by presentation of copying of the result.

## \*\* Medical Checkup Procedure \*\*

Make sure the green light is lit up or make a sound on the card reader before undergoing each check. For the following checkup items marked with ※, you need to scan your student ID card through the card reader. → ①④⑤⑥⑦⑧

For the following checkup items marked with ☆, you need to scan your annual health checkup form. → ②⑨

3F ①※ Reception

Scan your student ID card through the card reader.

(If magnetic is failure, It will take a long time.)

Submit your annual health checkup form.

↑ Back to 3F Change back into your clothes and leave when you are ready.

## NOTICE

★ Notice of Re-examination

This note will be issued if a re-examination is necessary.

Ensure that you bring this note on the day of the re-examination.

★ Checkup Results

Results can be collected from the Automatic Certificate Issuing Machine after 3 to 7 days.

Those who receive a re-examination notice can collect their results only after the re-examination has been completed.

If you do not complete all the checkup items, the results will be issued in June.

Those who are unable to use the Automatic Certificate Issuing Machine can receive checkup results at the administrative office of their affiliated School/Graduate School around middle of March.
