Nagoya University Medical Library

The Medical Museum of Nagoya University is located on the fourth floor of the Medical Library. It collects, preserves, and exhibits antique medical books, historical medical instruments, photographs and other items to promote understanding of the history of the Nagoya University School of Medicine in the context of the Tokai district and to look forward to the future of medical science. Parts of the collections can be accessed through the Digital Archive.

1. Access "The Dawn of Modern Medical Science Digital Archive"
