The screenshot shows the Nagoya University library portal. On the left, there is a sidebar with the Nagoya University logo and name. Below the logo, there is a 'Home' button and a 'NU OPAC' section. Under 'NU OPAC', there is a 'Keywords' search bar and a list of resources. The 'PubMed (URL for Nagoya Univ.)' link is highlighted with an orange box. Other resources listed include 'E-Journals & E-Books', 'MEDLINE(EBSCOhost) / Cochrane Collection(EBSCOhost)', 'Ichushi-Web(JP)*On-campus only', and 'Web of science'. On the right, there is a search bar and a list of search results. The first result is 'Significant association of serum uric acid levels with SLC2A9 rs11722228 among a Japanese population' by Nobuyuki Hamajima et al. The result is displayed with the journal name 'Mol Genet Metab.', the date '2011 Aug;103(4):378-82.', the DOI 'doi: 10.1016/j.ymgme.2011.04.001.', and the publication date 'Epub 2011 Apr 8.'. There are also buttons for 'FULL TEXT LINKS' (ELSEVIER, NULink) and 'ACTIONS' (Cite).

EndNote Online

- Easy to cite + creating reference list in Word by installing plugin

The screenshot displays the EndNote Online web application interface. At the top, the 'Clarivate Analytics' logo is on the left, and 'EndNote' is centered. Below this is a navigation bar with links: 'My References', 'Collect', 'Organize', 'Format', 'Match', 'Options', and 'Downloads'. The 'My References' link is currently selected and underlined.

On the left side, there is a sidebar with a 'Quick Search' section containing a search input field, a dropdown menu set to 'All My References', and a 'Search' button. Below this is a 'My References' section showing a list of reference groups: 'All My References (243)', '[Unfiled] (18)', 'Quick List (0)', 'Trash (10) Empty', and 'My Groups'. Under 'My Groups', several specific groups are listed with their counts and group icons: 'ユニバーサルデザイン (9)', 'リテPT_法学 (50)', '健康管理 (21)', '医学部_OA (14)', '医学部_未入手 (61)', '医学部_紙で入手済 (40)', and '図書館広報・SNS (30)'.

The main content area is titled 'Getting Started' and features three primary action cards:

- Find:** Represented by a magnifying glass icon. The text says 'Collect references by searching online databases or importing your existing collection.' Below this are four bullet points: 'Search an online database', 'Create a reference manually', 'Import references', and 'NEW! Find your best potential journal'.
- Store & Share:** Represented by an icon of two people. The text says 'Organize and group references in any way that works for you. Then share your groups with colleagues.' Below this are three bullet points: 'Create a new group', 'Share a group', and 'Find duplicate references'.
- Create:** Represented by a document icon. The text says 'Use our plugin to format bibliographies and cite references while you write.' Below this are three bullet points: 'Cite While You Write™ Plug-In', 'Create a formatted bibliography', and 'Format a paper'.

Fair Use

- Downloading and printing out a large amount of data beyond the scope of personal use of electronic resources is prohibited by contract (in particular, it is not allowed to collect a large amount of data intentionally and to use the pre-reading function of a browser by automatic operation of equipment using programs).
- A malicious breach may result in the suspension of usage for the electronic resource from all over the university.
- It is prohibited to convert to other formats or media or modify the contents without the consent of the copyright holder.

Summary

- Procedure of Literature Acquisition
 - Utilization and convenience of NULink
 - If NU has electronic resources, it will be available on your own device
 - When you are looking for book, use OPAC
 - If a book is not archived in other campus or on-campus collection, you can request to order it.
- Management
 - Bibliographic information can be managed and shared with bibliographic management software
 - Easy to create a reference list when writing thesis
- Fair use
 - Do not download large amounts of electronic resources
 - Protect copyright and do not plagiarize
