GAME Spotlight
Issue 2022.12

Dear GAME members,

It is with my greatest pleasure hosting the sixth GAME meeting at Nagoya University and spending a wonderful time with all of you. The previous pandemic situation has affected our interaction and we finally met face-to-face again this year. I hope you have enjoyed the excursion and Japanese cuisine as well.

The meeting has provided a fruitful forum for all of us to

exchange strategic ideas and explore various research and educational innovations. I would like to take this chance to thank all ambassadors and collaborators who have facilitated those wonderful discussions. You can find selected memories of the meeting here:
